**Description:** The U.S. Department of Energy ("DOE") is amending the test procedure for consumer furnace fans to: clarify the scope of applicability of the furnace fan test procedure; incorporate by reference the most recent versions of industry test methods; establish a test method for furnace fans incapable of operating at the required external static pressure; clarify testing of certain products, including furnace fans with modulating controls, certain two-stage furnaces that operate at reduced input only for a preset period of time, and dual-fuel furnaces; and make updates to improve test procedure repeatability and reproducibility.

<sup>1</sup> This information can be provided by including a website address, a pdf attachment, or other information on where the text of the final/modified measure and/or interpretive guidance can be obtained.

The effective date of this rule is 26 June 2024. The amendments will be mandatory for product testing starting 9 October 2024. The incorporation by reference of certain material listed in this rule is approved by the Director of the Federal Register on 26 June 2024.
